# Shubham Kumar Yadav

Hello, I'm Shubham Kumar Yadav a passionate Android Developer and Full Stack Developer with hands-on experience in both Front-End and Back-End technologies. Skilled in building and deploying real-time Android applications and responsive web platforms that are both functional and user-friendly. An internship at Salesqueen Software Solutions provided valuable experience in working on live projects, deploying real-time applications, and collaborating with a remote team to deliver high-quality results. During an internship at Gautam Buddha University, I worked as a member of the technical team, contributing to the development of an online Bonafide Certificate system. I also served as a Counselor in the Admission Cell, guiding prospective students and supporting the admission process. Additionally, I completed a virtual internship in Artificial Intelligence through IBM SkillsBuild, hosted by CSRBOX Foundation, with a focus on chatbot development using Watsonx AI. Passionate about learning and exploring new ideas, I stay focused on improving problem-solving skills and keeping up with the latest technology trends. I Enjoy working in collaborative environments where ideas come together to build impactful, helpful, and easy-to-use solutions.

WORK EXPERIENCE

Salesqueen Software Solutions, Chennai

Front-end Development (Internship)   March 2025 - July 2025

- Designing and building **responsive design**, **UI components** feature to enhance **User experience**, **improve accessibility**, and ensure visual consistency **across platforms**. **User-friendly web interfaces**.
- Gained **hands-on experience** working on **live servers** with **real-time deployment** and **maintenance**.
- Contributed to key projects in **Login Portal**, **Production Portal**, **Kanban Board**, **E-commerce Website**, **Goodwill App** and **Online Cab Booking App.**
- **Collaborated** with a **remote team** using **simple tools** and **step-by-step planning** to complete tasks, including **urgent projects** under **tight deadlines** with **quick problem-solving** and **efficient delivery**.

Gautam Buddha University (GBU), Greater Noida

Admission Cell (Internship)   March 2024 - July 2024

- I Worked as a **member** of the **technical team** and as a **Counselor**, contributing to both administrative and technical operations during the admission process.
- Assisted the **admissions team** with **office-related tasks** and supported the **admission counseling process**, ensuring **smooth daily operations** and providing **guidance to prospective students**.
- Demonstrated excellent **technical skills** in managing and organizing student **data** efficiently and designed online **Bonafide** certificate.
- **Managed** admission processes through **scheduling**, **coordination**, and **progress tracking, utilized CRM systems** to **track** and **manage student inquiries**, ensuring **timely follow-ups** and **effective communication**.
- Collaborated with team members to optimize workflows, **showcasing strong communication** and **problem-solving skills**.

CSRBOX Foundation through IBM SkillsBuild

Artificial Intelligence (Internship)   July 2024 - August 2024

- Completed a **virtual internship** on **Artificial Intelligence** through **IBM SkillsBuild**, hosted by **CSRBOX Foundation**.
- Gained hands-on experience with **AI-based solutions**, including **real-world applications** and **chatbot development**.
- Learned to build a **chatbot using WanstoX AI**, applying **natural language processing (NLP)** techniques to simulate human-like interactions.

EDUCATION

Gautam Buddha University, Greater Noida

MCA AI (Master of computer Applications) - 9.36   July 2023 - July 2025

Veer Narmada South Gujarat University

BCA (Bachelor of Computer Applications). - 7.61   October 2020 - June 2023

SKILLS

- **Programming Languages:** C, Python, JavaScript.
- **Web Development:** HTML, CSS, JavaScript, Bootstrap 5, Tailwind, PHP, React + Vite, GraphQL , Node.js, REST API, FAST API.
- **Android Development:** Kotlin, Android Studio, Firebase.
- **Database Management:** MySQL, SQLite, MongoDB, Firebase and Spring Boot.
- **Tools & Frameworks:** IBM Skills (Chatbot), XAMPP, Microsoft Excel and POSTMAN API.
- **Additional Skills:** Figma, PowerPoint, Canva, Word, VB.NET, GitHub.

PROJECT

Portfolio: ↗

Developed a responsive portfolio website using HTML, CSS, Bootstrap, and JavaScript to showcase 15 projects, skills, and personal details with a user-friendly interface. Check them out on my GitHub account: https://github.com/coshubham

Expense Tracking System: ↗

Built a full-stack Expense Tracker with **Node.js, Express.js, MongoDB, GraphQL** and **React**. Integrated JWT authentication, expense management, and Chart.js for data visualization, using **React + Vite** and **Tailwind CSS** for a responsive UI.

Online Food Delivery (FoodHut): ↗

Developed **FoodHut**, an online food delivery platform using **HTML, CSS, JavaScript, Bootstrap,** and **PHP** with **MySQL** for backend and an **IBM Skills-built chatbot** for enhanced user interaction and a user-friendly **admin dashboard** for **managing orders**, **menus**, and **user data**.

Car Rental Website ↗

Developed a dynamic Car Rental Website using **HTML, CSS, Bootstrap** for responsive front-end design, with **PHP** and **MySQL** powering the backend. Implemented a comprehensive admin panel and dashboard for managing cars, bookings, users, enabling efficient operational control.

Chatting Android Applications: ↗

Developed a feature-rich chat app in **Android Studio** using **Kotlin** and **Firebase** for **real-time data**, with a **web-based admin panel** and **dashboard** built using **PHP** for backend operations and **HTML, CSS, Bootstrap**, and **JavaScript** for the UI, with designs created in **Figma**.

Hostel Management System: ↗

Created a VB.NET application for student registration, room allocation, fee management, and report generation, improving hostel operations. Integrated database connectivity for efficient data handling and automated administrative workflows.

CERTIFICATE

Internship Certificate – Front-End Developer, Salesqueen Software Solutions ↗
